PRENATAL QUESTIONNAIRE

DATE: ________________

NAME:____ DOB:________________ AGE:___________

1. When was your last menstrual period?_____________ Was it normal? Yes No

2. How many total pregnancies have you had?__________(including this pregnancy)

3. How many pregnancies ended in miscarriage, ectopic or therapeutic abortions?
   Therapeutic abortions_____ Miscarriages______ Ectopic ________

4. How many pregnancies were full term?_______ How many living children do you have?_____

5. Please check any of the following problems that you are currently experiencing:
   Nausea___ Vomiting ____ Bleeding____ Breast tenderness ____ Frequent urination _____
   Bladder pressure ____ Cramping ______

6. Have you had an X-ray since you have been pregnant? Yes No
   If yes, what did you have X-rayed?_________________

7. Have you taken any prescribed or over-the-counter medications since you have been pregnant? Yes No
   If yes, what were the medications?________________________________

8. Have either you or the baby's father had herpes? Yes No
   If yes, circle: Mother of baby Father of baby

9. Do you or the baby's father use drugs? Yes No
   If yes, circle: Mother of baby Father of baby

10. Have you been treated for an eating disorder? Yes No

11. Do you have a history of diabetes? Yes No
    If yes, circle one: while pregnant while not pregnant

12. Have you ever tested <u>positive</u> for Hepatitis B? Yes No

13. Have either you or the baby's father ever tested <u>positive</u> for HIV (AIDS)? Yes No
    If yes, circle: Mother of baby Father of baby

14. Is there a history of twins or other multiple births in your family? Yes No
    If yes, circle: Mother of baby Father of baby

15. Have you or the baby's father in a previous pregnancy had a stillborn child or three or more first trimester spontaneous pregnancy losses? Yes No
    If yes, circle: Mother of baby Father of baby

16. What is your ethnicity?_________________Father of the baby's ethnicity?_______________

17. Are you or the baby's father black? Yes No
    If yes, circle one or both: Mother of baby Father of baby
    Was this person or persons tested for sickle cell trait? Yes No
    Mother's results_________________ Father's results____________

18. Are you or the baby's father of Jewish ancestry? Yes No
    If yes, circle one or both: Mother of baby Father of baby

19. Have you been tested for Tay Sachs? Yes No
    Mother's results_________________ Father's results_________________

PATIENT'S NAME:_______________________________________ DOB:____________________

20. Are you or the father of Italian, Greek or Mediterranean background? Yes No
If so, have either of you been tested for B-Thalassemia? Yes No
If yes, circle one or both: Mother of baby Father of baby
and indicate the results____

21. Are you or the baby's father of Filipino or Southeast Asian ancestry? Yes No
If yes, have either of you been tested for A-Thalassemia?
If yes, circle one or both: Mother of baby Father of baby
and indicate the results____

22. Was anyone in your family or the baby's father's family live born or stillborn with birth defects, mental retardation or any disease which you think might be inherited? Yes No
If yes, please circle the disease or problem below and state the family relation.

DISORDER	FAMILY RELATION
Any mental retardation	______________________________

Cleft Lip/Cleft Palate	______________________________
Adult onset Polycystic Disease	______________________________
Other________________________	______________________________

23. Do you have any medical conditions that may affect your pregnancy? Yes No
If yes, please state:____

24. Do you have a child with Autism, Asperger's or a related Syndrome? Yes No

25. If "yes" would you be interested in being tested for Fragile X Syndrome? Yes No

26. Are you interested in genetic testing? Yes No

27. Do you have a history of hypertension Yes No

Place a check in the box to indicate your answer:

Over the last 2 weeks, how often have you been Bothered by the following problems?	Not at all	Several days	More than half the days	Nearly every day
1. Feeling nervous, anxious or on the edge				
2. Not being able to stop or control worrying				
3. Little interest or pleasure in doing things				
4. Feeling down, depressed, or hopeless				

28. Do you have any physical, emotional or sexual abuse in your life? Yes No

AAMG ANNAPOLIS OB-GYN

Information for Obstetrical Patients

We offer complete obstetrical care including prenatal, delivery, and post- partum care.

We rotate our delivery room coverage and feel it is important for you to meet each of us during your pregnancy. This will occur through scheduling of your prenatal visits. On some of these visits you may schedule with our obstetricians: Drs. Claudia Hays, Frederick Guckes, Suleika Michel, Ifeyinwa Stitt, Benjamin Solomon, Laura Merkel, Victoria Moore, Julia Lubsky and Janelle Cooper, along with our advanced practice providers - Rene Smit, CNM, Tara Pomponio, PA-C, Wenda Collien, CRNP, Julie Viera, PA-C, Marianne Eggerl, WHNP-BC/CNM and Aileen Landis, CRNP. We encourage scheduling visits with our advanced practice providers; however, they do not deliver.

We do not practice general medicine, but we wish to be informed of any problems occurring during your pregnancy. We will work with your family doctor, internist, surgeon, etc., for problems outside the obstetrical bounds.

We encourage full participation of the baby's father or your support person in your prenatal care, childbirth classes, labor, delivery, and subsequent care of your infant. We do encourage and support the philosophy of prepared childbirth classes. We feel this is a most helpful and extremely beneficial way for you to prepare for your pregnancy, labor and delivery.

Our fee includes your initial complete physical examination, all routine prenatal visits, the management of labor and vaginal delivery, post-partum visits during your hospital stay, and your six week post-partum checkup in the office.

When you come into the office for your initial visit and registration, blood will be drawn and sent to the appropriate laboratory for your insurance. You may receive a bill from the lab for their service. Special medications, i.e. injections and medicines which must be obtained from a pharmacy, are not included in our fee. It is important to have insurance identification information with you at all times in case we are able to bill insurance directly for certain tests or procedures.

Should a cesarean section be required for delivery, there will be an additional charge. This procedure requires a surgical assistant. Since AAMC is not a teaching hospital, the assistant will be a licensed surgeon in private practice and you will receive a bill from his/her office. A vaginal birth after cesarean section (VBAC) may also involve an additional fee.

The hospital has no staff anesthesiologists, therefore, you will be billed separately for his/her service should you either desire or require anesthesia.

It is up to you to make arrangements for a Pediatrician to take care of your new baby. If you do not already have one and are not sure who to contact, ask one of us to recommend one or more for you to consider. Again, you will be billed separately for his/her service.

Sometimes during a pregnancy we may deem it necessary to order a sonogram or non-stress test. If this is the case, those procedures will be scheduled for you in our office. The charges for these tests are not included in your obstetrical fee. As soon as you receive notice from your insurance company that they have paid their portion, you are responsible for remitting the balance. Please carefully read our Advanced Beneficiary Notice (ABN) regarding your financial responsibility on certain tests that may not be covered by your insurance. There will be additional charges for the management of unlikely, but possible complications.

DANGER SIGNS DURING PREGNANCY:

Throughout your pregnancy, we will be discussing many of the common complaints and possible complications that occur. In the meantime, we would like you to familiarize yourself with the following danger signs:

- **Vaginal bleeding**
- **Severe swelling in your face, hands or feet**
- **Pain, redness, swelling or heat in the calf of your leg**
- **Shortness of breath or difficulty breathing**
- **Blurring of vision or spots before your eyes**
- **Severe or constant headaches**
- **Fever and chills**
- **Burning and pain during urination**
- **Sharp, constant abdominal pain**

Call us at (410)573-9530 should you notice any of these symptoms.

PAYMENT:

Upon confirmation of pregnancy, our billing department will confirm the level of benefits available for Global Maternity Care with your insurance company.

For patients whose plans involve deductible and/or coinsurance amounts, an Explanation of Delivery Fees will be sent to you specifically outlining your maternity benefits, including the amount estimated to be the portion of patient responsibility collectible during the prenatal months of care. Each Explanation of Delivery Fees acts as a contract between you and our office with balances payable in accordance with your payment plan selection. Specific questions regarding information contained in an Explanation of Delivery Fees should be directed to our OB billing coordinator at the number listed below.

Patients whose insurance plan issues benefits at a level that indicates limited patient responsibility will NOT be issued an Explanation of Delivery Fees. ALL balances assessed to your account are payable upon receipt of statements.

It is extremely important to advise our office immediately of any insurance changes to ensure appropriate billing.

If you have any questions regarding our obstetrical payment policies, please contact our OB billing coordinator. She can be reached at 443-837-1226, Monday thru Friday from 8:30 am to 5:00 pm.

AAMG Annapolis OB-GYN Advanced Beneficiary Notice (Signature required by ALL OB Patients)
Managed Care Organization Enrollment

The information contained in this document applies to the following patient demographic:

- Any obstetrics patient applying for insurance through the Maryland Health Exchange whose eligibility qualifies them for enrollment in the Maryland Medical Assistance Program.
- Any obstetrics patient applying for Maryland Medical Assistance to help offset the cost of maternity care due to the large deductibles and/or co-insurance amounts of their current commercial insurance policies.
- Dependant children who either do not have maternity coverage under their parents' insurance plan or those who are looking to ensure automatic coverage for the baby from date of birth.

This document stands as notification that Annapolis OB-GYN only participates with Priority Partners, University Healthplan (Riverside), United Healthcare MCO (including AmeriChoice)

Important Information you need to know:

Who can apply?

- Uninsured patients (NOTE: In some instances, having health insurance will not prevent eligibility for MCHP. *Even if you have health insurance, it's best to apply and let the case manager assigned to your application determine whether your health insurance will affect your eligibility for MCHP*.).
- Dependant children with or without maternity coverage under their parents' policy.
- Children under age 19, who are not eligible for Medicaid, and whose countable income is at or below 200% of the federal poverty level (FPL).
- Pregnant women of any age, whose countable income is at or below 250% FPL.

Selecting Priority Partners, University Healthplan (Riverside), United Healthcare MCO (including AmeriChoice) as your MCO:

Upon approval for the Maryland Medical Assistance Program (MA), **you are required to select the MCO in which you wish to be enrolled…PLEASE NOTE: SELECTING YOUR MCO IS A TIME SENSITIVE PROCESS**. Failure to comply with the enrollment process will result in you being auto enrolled in an MCO picked for you by the state of Maryland.

There are two ways to enroll for an MCO:

- Upon approval for Medical Assistance (MA), immediately contact your local County Health Department with your Medical Assistance number. Advise them that you have recently been approved for Medical Assistance, and need to enroll in one of the above plans. Request the effective date of coverage for your records. Usually 7-10 days from calling**. (RECOMMENDED)**
- Within 7 to 10 days from being approved for Medical Assistance, you will be sent a packet of information by mail describing all available MCO's. Phone numbers are provided for you to call to enroll in the MCO with which we participate. (THIS PROCESS CAN TAKE UP TO 3 WEEKS LONGER…and exposes you to auto enrollment if you miss the deadline.)

IMPORTANT NOTICE: At the present time, Priority Partners is open to **new** enrollment for all Maryland residents. If at some point they close enrollment to a county, you can enroll under one of the following conditions:

- If you were previously enrolled in Priority Partners within the last 180 days, your enrollment is reinstated.
- If you have a dependant or are the sibling of a dependant who is currently enrolled with Priority Partners, you can enroll under the Family Unity Program

BE ADVISED: Patients who do not comply with enrollment procedures and end up enrolled in an MCO with which we do not participate, may be subject to the following:

- **Transfer of care**. Obstetrics services may no longer be rendered to you by Annapolis OB-GYN You will need to find a provider that participates with your current MCO insurance, and facilitate a transfer of care immediately.
- **Financial responsibility**. Services rendered to you while you were covered by an insurance this office DOES NOT participate with will be reduced to our office cash pay fee schedule and become your patient responsibility.

******I have read the above information, and understand that should I have need to enroll in a Managed Care Organization (MCO), I must enroll with one of the plans listed above to maintain status as an obstetric patient at AAMG Annapolis OB-GYN. Additionally, I accept financial responsibility for any services rendered to me while I am covered by an MCO with whom AAMG Annapolis OB-GYN does NOT participate.**
