

AAMG Annapolis OB-GYN

2000 Medical Parkway, Suite 304

Annapolis, MD 21401

Phone: 410-573-9530

Appointment Reminders...

- **COMPLETE AND SIGN ALL OF THE ENCLOSED PAPERWORK. SEND COMPLETED PAPERWORK TO OUR PRE-REGISTRATION DEPARTMENT PREFERABLY TWO WEEKS PRIOR TO YOUR VISIT, OR ONE WEEK AT THE LATEST. PLEASE BRING YOUR ORIGINALS TO YOUR VISIT.**

Fax: 667-204-7241 or email: AOGpreregistration@aahs.org

- If you picked up these forms from one of our offices, or received them in the mail, due to inability to print or access our website, you may drop them off at any one of our locations or mail them back to our Annapolis office. You can also submit them via the fax number or email address above. However, they must be received within the timeframe mentioned above to avoid cancellation.
If your pre-registration forms have not been received by 2 days prior to your appointment time, your appointment will be cancelled.
- You may be asked to reschedule your appointment if you arrive late and/or you do not have your completed paperwork in hand 30 minutes prior to your appointment time! To avoid cancellation, you must advise our pre-registration coordinator no later than 2 days in advance of your appointment at 410-573-9530 Ext. 7851168, if you need to arrive early with your completed forms.
- All patients MUST bring their current insurance card, a photo ID and copay to the visit.
- Your enrollment into your patient portal, MyChart, will serve as your electronic chart and a way to view your lab results and your medical records after your initial appointment. Please ask for a token at the time of your visit, to enable you to enroll.
- Be prepared to give us the **name**, address and phone number of your primary care physician.
- If you are being referred to us by another physician please bring a copy of your referral to the visit. If your insurance requires a referral for your visit, you must present the referral at the time of your visit.
- Bring all lab results, radiology results and records relative to your visit.
- If you are currently pregnant and transferring from another practice, it is important to have your prenatal records sent to us prior to your initial visit. Please be sure to include a copy of your last pap smear result. Without these important documents, you may not be seen.
- You **must** arrive 15 minutes prior to the time of your appointment.
- If your visit is at the Annapolis office, allow at least 15 additional minutes to park
- **YOU WILL BE CHARGED A "NO SHOW" FEE IF YOUR APPOINTMENT IS NOT CANCELLED WITHIN 24 HOURS.**

3. Little interest or pleasure in doing things				
4. Feeling down, depressed, or hopeless				

28. Do you have any physical, emotional or sexual abuse in your life? Yes No

AAMG ANNAPOLIS OB-GYN

Information for Obstetrical Patients

We offer complete obstetrical care including prenatal, delivery, and post-partum care.

We rotate our delivery room coverage and feel it is important for you to meet each of us during your pregnancy. This will occur through scheduling of your prenatal visits. On some of these visits you may schedule with our obstetricians: Drs. Claudia Hays, Frederick Guckes, Suleika Michel, Ifeyinwa Stitt, Benjamin Solomon, Laura Merkel, Victoria Moore, Julia Lubsky and Janelle Cooper, along with our advanced practice providers - Rene Smit, CNM, Tara Pomponio, PA-C, Wenda Collien, CRNP, Julie Viera, PA-C, Marianne Eggerl, WHNP-BC/CNM, Aileen Landis, CRNP, Emma Garey, PA-C. We encourage scheduling visits with our advanced practice providers; however, they do not deliver.

We do not practice general medicine, but we wish to be informed of any problems occurring during your pregnancy. We will work with your family doctor, internist, surgeon, etc., for problems outside the obstetrical bounds.

We encourage full participation of the baby's father or your support person in your prenatal care, childbirth classes, labor, delivery, and subsequent care of your infant. We do encourage and support the philosophy of prepared childbirth classes. We feel this is a most helpful and extremely beneficial way for you to prepare for your pregnancy, labor and delivery.

Our fee includes your initial complete physical examination, all routine prenatal visits, the management of labor and vaginal delivery, post-partum visits during your hospital stay, and your six week post-partum checkup in the office.

When you come into the office for your initial visit and registration, blood will be drawn and sent to the appropriate laboratory for your insurance. You may receive a bill from the lab for their service. Special medications, i.e. injections and medicines which must be obtained from a pharmacy, are not included in our fee. It is important to have insurance identification information with you at all times in case we are able to bill insurance directly for certain tests or procedures.

Should a cesarean section be required for delivery, there will be an additional charge. This procedure requires a surgical assistant. Since AAMC is not a teaching hospital, the assistant will be a licensed surgeon in private practice and you will receive a bill from his/her office. A vaginal birth after cesarean section (VBAC) may also involve an additional fee.

The hospital has no staff anesthesiologists, therefore, you will be billed separately for his/her service should you either desire or require anesthesia.

It is up to you to make arrangements for a Pediatrician to take care of your new baby. If you do not already have one and are not sure who to contact, ask one of us to recommend one or more for you to consider. Again, you will be billed separately for his/her service.

Sometimes during a pregnancy we may deem it necessary to order a sonogram or non-stress test. If this is the case, those procedures will be scheduled for you in our office. The charges for these tests are not included in your obstetrical fee. As soon as you receive notice from your insurance company that they have paid their portion, you are responsible for remitting the balance. Please carefully read our Advanced Beneficiary Notice (ABN) regarding your financial responsibility on certain tests that may not be covered by your insurance. There will be additional charges for the management of unlikely, but possible complications.

DANGER SIGNS DURING PREGNANCY:

Throughout your pregnancy, we will be discussing many of the common complaints and possible complications that occur. In the meantime, we would like you to familiarize yourself with the following danger signs:

- Vaginal bleeding
- Severe swelling in your face, hands or feet
- Pain, redness, swelling or heat in the calf of your leg
- Shortness of breath or difficulty breathing
- Blurring of vision or spots before your eyes
- Severe or constant headaches
- Fever and chills
- Burning and pain during urination
- Sharp, constant abdominal pain

Call us at (410)573-9530 should you notice any of these symptoms.

PAYMENT:

Upon confirmation of pregnancy, our billing department will confirm the level of benefits available for Global Maternity Care with your insurance company.

For patients whose plans involve deductible and/or coinsurance amounts, an Explanation of Delivery Fees will be sent to you specifically outlining your maternity benefits, including the amount estimated to be the portion of patient responsibility collectible during the prenatal months of care. Each Explanation of Delivery Fees acts as a contract between you and our office with balances payable in accordance with your payment plan selection. Specific questions regarding information contained in an Explanation of Delivery Fees should be directed to our OB billing coordinator at the number listed below.

Patients whose insurance plan issues benefits at a level that indicates limited patient responsibility will NOT be issued an Explanation of Delivery Fees. ALL balances assessed to your account are payable upon receipt of statements.

It is extremely important to advise our office immediately of any insurance changes to ensure appropriate billing.

If you have any questions regarding our obstetrical payment policies, please contact our OB Billing Coordinator. She can be reached at 443-837-1226, Monday thru Friday from 8:00 am to 4:00 pm.

**AAMG Annapolis OB-GYN Advanced Beneficiary Notice (Signature required by ALL OB Patients)
Managed Care Organization Enrollment**

The information contained in this document applies to the following patient demographic:

- Any obstetrics patient applying for insurance through the Maryland Health Exchange whose eligibility qualifies them for enrollment in the Maryland Medical Assistance Program.
- Any obstetrics patient applying for Maryland Medical Assistance to help offset the cost of maternity care due to the large deductibles and/or co-insurance amounts of their current commercial insurance policies.
- Dependant children who either do not have maternity coverage under their parents' insurance plan or those who are looking to ensure automatic coverage for the baby from date of birth.

This document stands as notification that AAMG Annapolis OB-GYN only participates with Priority Partners, University Healthplan (Riverside), United Healthcare MCO (including AmeriChoice)

Important Information you need to know:

Who can apply?

- Uninsured patients (NOTE: In some instances, having health insurance will not prevent eligibility for MCHP. *Even if you have health insurance, it's best to apply and let the case manager assigned to your application determine whether your health insurance will affect your eligibility for MCHP.*)
- Dependant children with or without maternity coverage under their parents' policy.
- Children under age 19, who are not eligible for Medicaid, and whose countable income is at or below 200% of the federal poverty level (FPL).
- Pregnant women of any age, whose countable income is at or below 250% FPL.

Selecting Priority Partners, United Healthcare Community Plan, AmeriGroup, Aetna Better Health, University of Maryland Health Partners as your MCO:

Upon approval for the Maryland Medical Assistance Program (MA), **you are required to select the MCO in which you wish to be enrolled...PLEASE NOTE: SELECTING YOUR MCO IS A TIME SENSITIVE PROCESS.** Failure to comply with the enrollment process will result in you being auto enrolled in an MCO picked for you by the state of Maryland.

There are two ways to enroll for an MCO:

- Upon approval for Medical Assistance (MA), immediately contact your local County Health Department with your Medical Assistance number. Advise them that you have recently been approved for Medical Assistance, and need to enroll in one of the above plans. Request the effective date of coverage for your records. Usually 7-10 days from calling. **(RECOMMENDED)**
- Within 7 to 10 days from being approved for Medical Assistance, you will be sent a packet of information by mail describing all available MCO's. Phone numbers are provided for you to call to enroll in the MCO with which we participate. (THIS PROCESS CAN TAKE UP TO 3 WEEKS LONGER...and exposes you to auto enrollment if you miss the deadline.)

IMPORTANT NOTICE: At the present time, Priority Partners is open to **new** enrollment for all Maryland residents. If at some point they close enrollment to a county, you can enroll under one of the following conditions:

- If you were previously enrolled in Priority Partners within the last 180 days, your enrollment is reinstated.
- If you have a dependant or are the sibling of a dependant who is currently enrolled with Priority Partners, you can enroll under the Family Unity Program

BE ADVISED: Patients who do not comply with enrollment procedures and end up enrolled in an MCO with which we do not participate, may be subject to the following:

- **Transfer of care.** Obstetrics services may no longer be rendered to you by AAMG Annapolis OB-GYN You will need to find a provider that participates with your current MCO insurance, and facilitate a transfer of care immediately.
- **Financial responsibility.** Services rendered to you while you were covered by an insurance this office DOES NOT participate with will be reduced to our office cash pay fee schedule and become your patient responsibility.

******I have read the above information, and understand that should I have need to enroll in a Managed Care Organization (MCO), I must enroll with one of the plans listed above to maintain status as an obstetric patient at AAMG Annapolis OB-GYN. Additionally, I accept financial responsibility for any services rendered to me while I am covered by an MCO with whom AAMG Annapolis OB-GYN does NOT participate.**
